

Motion to Amend Constitution for Career and Technology Education Council

Item 6 (b)

Paul Bohnert Moved

The membership revise the current section related to Alberta Education Representation, which states “Non Voting members of the Executive are a University Liaison and Alberta Education Liaison. To be eligible to become an officer of the Career and Technology Educator’s Council a candidate must be a regular member of the council.” to read “Non Voting members of the Executive are a University Liaison and two Alberta Education Liaisons representing CTS (Career Technology Studies) Programming and CTF (Career Technology Foundations) Programming. To be eligible to become an officer of the Career and Technology Education Council a Candidate must be a regular member of the council.”

Rationale: This will include representation from the Career Technology Foundations position from Alberta Education and fix the name to represent the actual name of our Council.

Lloyd Bloomfield – Seconded

This will be voted on at the Annual AGM in November 2017 at The Canmore Conference.
